October 2022

PROJECT UPDATE

Dear Customer

We're excited to share an update on the status of Lotus Residence Hurstville. This includes update on the land construction program, and other important milestones.

This month, we're in the final stages of planning for the relocation of the water main. We've dug, measured, and ordered the pipe. We're expecting this to complete in Q1 2023.

In terms of a date for breaking ground, we anticipate this will happen right after the pipe work is completed in Q1 2023.

We've attached some photos and the plans for the relocation of the pipe below.

If you have any further inquiries, please do not hesitate to reach out to our Sales Director, you can find his details below.
